DIRECTIONS FOR USE:

1. Ducks: Buckerfield's 17% Goose/Duck Grower Pellets may be fed to ducks from 4 weeks to market weight. Geese: Buckerfield's Goose/Duck Grower Pellets may be fed to geese from 9 weeks to market weight. Additional whole grains may be offered up to 25% of daily feed intake. Note: Geese are very good foragers. If grass and other forages are available for grazing, Buckerfield's 17% Goose/Duck Grower Pellets may be restricted to 1 kg per bird per week from the age of 4 weeks to 12 weeks of age. After this age, Buckerfield's 17% Goose/Duck Grower Pellets may be offered free choice diluted with up to 25% whole grains until market age. #2 Grit should be fed to both geese and ducks in the amount of 1 kg per 100 birds per week from day 1 until market. Provide clean, fresh water at all times.

(s4B CAUTION:

(s0B 1. Directions for use must be carefully followed. Les instructions d'utilisation doivent être soigneusement suivies.

Individual results from the use of this product may vary due to management, environment, genetic, health and sanitation differences, therefore, Buckerfield's does not warrant or

guarantee individual results.
